

# 3 SIMPLE WAYS

to encourage your child

to use more words at home

(NO FLASHCARDS NEEDED!)

1

## FOLLOW THEIR LEAD

Talk about what your child is interested in. This is when they're most engaged and ready to learn.

2

## ADD ONE WORD

Build gently on what they say.  
"Ball" → "big ball"  
"Go" → "go fast"

3

## PAUSE & WAIT

Give them a few extra seconds to think and respond. It makes a big difference!

Small conversations. Every day.  
Big progress over time.
